The procession moved from the Cas tom House up John street, and on to the Catholic Cemetery, where the bodies were deposited with appropriate ceremonies. On the return from the grave-yard, the funeral of Bartholo mew Linck occurred according to prevlous arrangement. Mr. Linck was member of the German Beneficial Society, which joined in the procession, above two hundred strong, and also of the "Guards" Fire Company. The order of proceeding to the Red Men's cemetery, in which Mr. Linck was interred, was much the same as that given above, the hose carriage of the Independence company, appropriately draped, being used as a hearse.

The attendance vesterday was unus ally large, not less than two thousand people being present in the procession and at the houses. We counted in the first procession, fifty carriages, alone, and five hundred men is a low estimate of those who were in ranks on foot.

Many assert the funeral service of yesterday afternoon to be the largest ever held in this city.

Thus has passed away all that is mortal of those who so lately were in full enjoyment of health and strength. We are glad to know that the city is not willing that their sacrifice shall go unor that their families shail suffer deprivation or want. Let those upon whom the committees appointed by the city may wait, put forth less a charity, than a duty.

GREAT NEW ENGLAND

White Pine Compound Is NOW OFFERED TO THE AFFLICTED throughout the country, after having been proved by the test of eleven years, in the New England States, where its merit have become as well known as the tree from which, in part, it derives its virtues. The White Pine Compound Cures

Bore Throat, Colds, Coughs, Diptherla, Bron-chitis, Spitting of Blood, and Palmonary Af-fections generally. It is a remarkable Re-medy for Kidney Complaints, Diabetes, dif-ficulty of Voiding Urine, Bleeding from the Kidneys and Bladder, Gravel, and other complaints. Furniture CLOTHING, &c., &c., The White Pine Compound.

"It was early in the spring of \$2 that this compound was originated. A meabler of my family was smitcled with an irritation of the throat attended with a disagreeable cough. I had for some months previous thought that he apreparation having for its basis the hadabark of white pine might be so compounded as to be very useful in diseases of the throat and lungs. To test the value of it in the case alluded to I compounded a small quantity of the medicine that I had been planning, and gave it in tesapoonful doses. The planning was exceedingly graiflying. Within two days the irritation of the throat was removed, the cough subsided the cough subsided was a speedy cure was effected. Boon after this, I sant some to a lady in Loudonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a suiten coud, and had raised mucus streaked with blood. She soon found relief an sent, more. She took about ten ounces of the Manchester Juliy Mirror, made a traverse old and was curred immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he sinally pursuaded me to give it a name, and sond it absond to benefit the suffering. In November, 1855, I first advertised it under the name of white Pine Compound, In two years from that time there had been wholesaled in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for this; it is very soothing and healing in its nature; is warming to the stomech and pleasant withal to the tasta, and is exceedingly cheap.

"As a remedy for kidney complaints the White Pine Compound stands unrivaled. It "It was early in the spring of "52 that this Hubbard & Brothers WHEELING, W. VA. Prompt attention given to all husiness ntrusted to them. Franklin Insurance Company

in its nature; is warming to the summer and pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints the White Pine Compound stands unrivaled. It was not originated for that purpose, but a person in using it for a cough was not only cured of the cough, but was also cured of a kidney difficulty of ten years standing. Since that accidental discovery many thousands have used it for the same complaint, and have been completely cured."

The above was written by Dr. Poland, in 1890. Since then, as in Manchester, the White Compound has taken the lead of all Cough remedies, as well as a preparation for the core of kidney difficulties, in every city, town, vi kique and hamlet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual. SAN'L MCCLELLAN, GEORGE MENDEL,

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themseives by improper indulgence and solitary habits, which rum both body and mind, untiting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, byspepsia, Nervous irritability, Derangement or the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Selfustrust, Love of Sollinde, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing this vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

Who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly fell, even when asieep, and, if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snarched norm all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,
reflect that a sound mind and body are the most necessary regulates to promote connubial happiness. Indeed, without these the journey through life becomes a weary prigrimage; the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASES OF IMPRUDENCE.

When the misguided and imprudent votative of the property of pleasure finds that he has imbided the seeds of this painful disease it too otten happens that an ill-timed sense of shame or dread of discovery determ him from applying to those, who from education and respectability, can alone, betriend him, delaying till the constitutional symptoms of this horristics.
